

## MySharp OSA Connector

Monday, March 15, 2010 10:11:29 AM

MySharp OSA settings.

1. Connect to web page of copier.
2. Click on Application Settings.
3. Click on External Application Settings. (Enter 'admin' for the password if prompted.)
4. Click Add button.
5. Enter MySharp in the Application Name field.
6. Enter 'http://www.my-sharp.com/OSAMySharpV1.mysharp.aspx' in the Address for Application UI. (If you have a Sharp External MySharp media cache server onsite, enter the following URL <http://www.my-sharp.com/OSAMySharpV1.mysharp.aspx?helperurl=http://ipaddress:8080>, where the ipaddress is the IP of that onsite server.)
7. Click Submit.
