Log on to the web interface of the Sharp. Systems Settings > Enable/Disable Settings > Image Send Settings > Image Send Settings >

**Note:** You may also want to make sure none of the boxes are checked for any of the other fields in Image Send Settings.

**Note:** On older models, log in to the web interface and click Admin Mode (login: admin, Sharp) > Network Scanning:

Enable Scanner Delivery to:

Keywords: Address Book button, can't add a contact or email adress. Ad-hoc-email.
